

DMG2000

Technology keeps expanding – keep pace with the DMG2000.

Spread your digital life across two monitors with the latest dual-display desktop monitor mount from Kanto.

Carefully designed to work with most VESA-mountable monitors, the DMG2000 provides tilt, swivel, height, reach and rotation adjustments so your monitors adjust to you. The gas shock system supports two monitors, each weighing between 7.7 and 18.7 pounds, for easy push-of-the-finger height adjustments.

Minimize eyestrain, back strain, and neck stiffness by letting the DMG2000 adjust your displays to fit you.

FEATURES & SPECIFICATIONS

- Fits most flat panel computer monitors and televisions from 17" to 27"
- Supports two monitors from 7.7 lb (3.5 kg) and 18.7 lb (8.5 kg) per arm.
- Accommodates VESA sizes of 75x75 and 100x100
- Accessible tilt mechanism provides a $\pm 90^\circ$ tilt angle
- 90° of swivel in either direction, dependent on screen size
- Adjustable tension gas shock system provides 8.7" (22 cm) of fingertip height adjustment
- Dual arms provide up to 21" (53.6 cm) of reach
- 360° monitor rotation for vertical and horizontal screen orientation
- Integrated cable management system
- Installation manual and all monitor mounting hardware for either desk edge or grommet hole installation is included
- Five year warranty
- Shipping box weight: 13.2 lb (6 kg)
- Shipping box dimensions: 18.3" x 12.8" x 8.1" (46.5 x 32.5 x 20.5 cm)
- Product weight: 10.1 lb (4.6 kg)
- UPC: 800152713373 - DMG2000 (Black)
- UPC: 800152713380 - DMG2000S (Silver)
- UPC: 800152713397 - DMG2000W (White)

VESA COMPATIBLE HEADS

The mount heads attach to your monitor and fits with common VESA patterns of 75x75 and 100x100. With its simple design, it is easy to attach and maneuver to suit your needs.

ATTRACTIVE BASE

The solid base will hold two monitors weighing a total of 37 pounds. Even as you swivel your monitor and apply pressure to the mount, it will remain securely fastened in place.

GROMMET MOUNT

The DMG2000 also comes packaged with the parts needed to mount through a grommet hole in your desk.

WEIGHT ADJUSTMENT

Designed for monitors weighing between 7.7 and 18.7 pounds, the DMG2000 uses a gas shock system to make your monitor feel like it's floating. Simply use the provided Allen key to adjust the mount's tension for optimal balance.

CABLE MANAGEMENT

Safely tuck your cables out of view using the built-in cable management system. Route your cables through the DMG2000 clips so they are securely in place as you swivel and tilt your monitors. Leave the cables slack around the pivot points so movement is smooth.

EVERYTHING YOU NEED

The DMG2000 comes with all the brackets, mounting bolts, washers and spacers you'll need to fit virtually any monitor and any desk. Phone support and an online video are available to help with your installation.
