

DS250

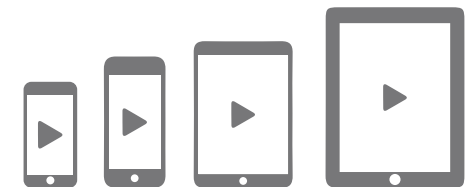

Phone and Tablet Stand

Enjoy hands-free access to your smartphone or tablet with the DS250. Featuring a 15" aluminum arm with five points of rotation, this lightweight stand allows you to adjust the position of your device for optimal viewing. Its foldable base makes it easy to carry and can be inserted into the provided mounting brackets to position your device under a cabinet or on the wall. The DS250's spring-loaded clamping mechanism accommodates various screen sizes and ensures a secure fit at any angle. For added usability, an adapter with a 1/4"-20 screw is also included, giving you the option to mount a camera or portable projector.

Available in black and white finishes.

TECHNICAL ILLUSTRATIONS

UNIVERSAL DESIGN

The spring-loaded clamping mechanism expands between 4.4" and 7.5" to ensure a secure fit for your phone or tablet.

360° VIEWING

Featuring five points of rotation, the DS250 allows you to swivel and tilt your device for optimal viewing.

PORTABLE DESIGN

The foldable base is designed to be easy to store and carry, and ensures stability on flat surfaces.

MOUNTING BRACKETS

Two mounting brackets are included, allowing you to position your device under a cabinet or to the wall. Secure them with the provided screws and slide the stand into place.

CAMERA ADAPTOR

A screw-on adapter with 1/4"-20 thread allows for easy mounting of your camera or portable projector.
