

MTP100

MTP100 rolling pedestal TV cart is a simple, modern solution for seamless AV mobility. With its wide, stable base it can safely service multiple rooms without the need to outfit each space with dedicated equipment. Supporting TVs up to 200 lbs and VESA ranges up to 900x600, MTP100 can handle the largest panels available today and tomorrow. This AV stand's contemporary design includes a dedicated camera shelf to attach a webcam or all-in-one conferencing device, and a roomy tray for remotes or pens that runs along the width of the cart. With six levels of height adjustment, the pedestal stand can suit both presenter and audience needs, ensuring an engaging experience.

PROMOTING ENGAGEMENT

With six levels of height adjustment, MTP100 AV cart can adapt to presenters of any size and keep their audience engaged.

SAFE, STABLE, STUNNING

The contemporary design features an extra wide base that resists tipping and remains stable during transport giving users peace of mind.

NO PANEL TOO BIG

MTP100 mobile TV stand can handle the largest panels on the market with a 200 lb weight capacity and 900x600 VESA compatibility.

MADE FOR COLLABORATING

An included tray for storing pens and remotes, and a camera shelf mounted above the TV provide the perfect platform for conferencing.

ACCESSIBLE FOR ALL

Generous spacing between the legs of the base gives wheelchair users an ADA approved forward approach to easily interact with a mounted display.
