

PS300

This mount does it all.

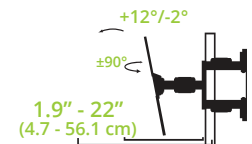

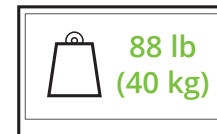

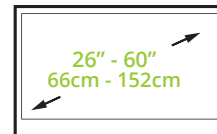

22" of reach from your wall, combined with swivel and tilt capabilities, lets your TV adjust to you – just the way it should be.

Its low-profile design means you can tuck it away when you want. With the PS300, you only need a single stud to get it up on the wall, yet still benefit from its many features. Solid steel construction equates to durability and reliability, while the cable management system will make you forget your input wires even existed in the first place.

TILT MECHANISM

The PS300 allows you to tilt your TV +12° to -2° to reduce glare and find the most comfortable viewing angle. Its tilt mechanism comes pre-tensioned to allow you to easily tilt your TV. If you require more or less resistance, simply adjust the nuts on the top of the tilt mechanism.

WIDE RANGE OF SWIVEL

With its articulating arms, the PS300 allows you to swivel your TV 90° in either direction, depending on the size of your TV.

EXTENDS UP TO 22 INCHES

The PS300 extends 22" from the wall to give you a variety of viewing options. When pushed back against the wall, the center of your TV will sit in-line with the wall mount.

SLEEK CABLE MANAGEMENT

An integrated cable management system allows you to route your power and video cables neatly between the TV and the wall.
