

PS400SG

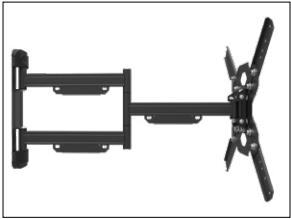

Watch TV outside with peace of mind as you enjoy everything the Kanto PS400SG outdoor TV wall mount offers. This single stud wall mount provides a streamlined installation of TVs weighing up to 88 lbs in areas with limited wall space. The heavy-duty, fully articulating arms ensure you can watch TV from any position, while the galvanized and stainless steel construction prevents corrosion from the elements. The included security TV screws prevent unwanted removal of your TV without the corresponding tool.

- Product Weight: 16.1 lb (7.3 kg)
- UPC: 800152720883

DIVERSE VIEWING OPTIONS

Full-motion articulating arms extend to 27.6 inches so you can get the perfect picture no matter where you watch TV.

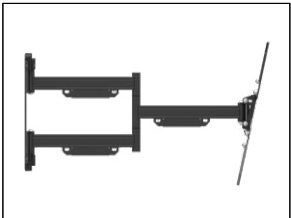

UNIVERSAL DESIGN

The PS400SG is compatible with TVs measuring 30" to 70" with VESA patterns up to 400x400.

CORROSION-RESISTANT

All mount components are made of galvanized or stainless steel with a powder-coated finish. You don't have to worry about rust and corrosion, even on the inside of the articulating arms.

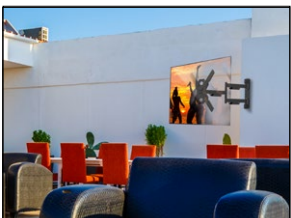

PERFECT POSITIONING

12° forward or 2° backward tilt with the ability to swivel your screen up to 90° left or right ensure you have the best view regardless of mounting location and seating arrangement.

ATTRACTIVE DESIGN

The sleek design ensures that your TV sits 1.9 inches from the wall when fully retracted. The mount also includes lag bolt covers and an all metal cable management system that won't degrade from UV exposure.

MADE FOR OUTDOORS

The PS400SG is the perfect weatherproof TV mount thanks to its UL 2442 Part 2 certification. You can confidently mount your TV outside and leave it in the rain, sun, or snow for years without fear of corrosion or rusting.
